Site Plan for FM Pizza

FM Pizza Hours

Friday - Monday

11am - 8pm

Bathroom Access

Staff and customers have access to bathrooms at Fair Dinkum Coffee during our hours, even after Fair Dinkum has closed for the evening. In case of any issues with bathrooms at Fair Dinkum we are also a quick couple minute walk from public restrooms at 109 old Kyle Rd.

Parking Access

FM Pizza is intended to be grab and go. That being said the site does have a nice area with oak trees that features two picnic tables. Although we don't really anticipate those will be used/ we won't be seating folks at those tables or outfitting them with napkins, table cloths or anything like that, we will have ample parking on the east and south sides of Fair Dinkum Coffee.

We are planning on featuring a bar - a tall long table without seats that folks can walk up to that will have napkins, as well as shakers for crushed red pepper for their slices.

Pizza Truck Operations

Our trailer will be completely self contained. We run off a generator and have potable and waste tanks in the trailer.

Also attached to this site plan is our approved Hays County mobile food permit.

Photos of parking east of Fair Dinkum:

*the truck on the far right is where the food trailer will be parked, other parking spots (5) will be available.

Photos of parking south of fair dinkum:

*all spots in the south area are available to FM Pizza

AGENDA ITEM:	2. Discuss and consider possible action on a sign policy at city-owned facilities, including but not limited to polling location signage. <i>(Tammy Heller, City Secretary)</i>
SUBMITTED BY:	Tammy Heller

AGENDA FORM

ITEM DESCRIPTION/SUMMARY

With the recent elections, a question arose regarding political signage (including tents) and when they could be placed at polling locations. The only document on file was a Sign Policy for the Community Center that was never formally adopted by the City Council. This document stated signage could only be placed out at midnight the night before early voting or election day. However, the Texas Election Code authorizes a municipality to enact reasonable rules and regulations regarding campaign practices at polling locations during voting periods.

Staff believes midnight the night before an event creates safety concerns and would request this be changed to 5:00PM prior to the start of early voting and election day. It also identifies a time these signs must be removed upon the conclusion of an event or election.

This policy not only addresses election signage, but other event signage for users that have approved facility rental agreements with the City.

Furthermore, this addresses the number of signs that can be placed at polling locations for each candidate or ballot measure. The city council can discuss and make a recommendation, but staff recommends no more than 4 political signs per candidate or Political Action Committee on a ballot measure. Personal signs held by individuals will not count towards the maximum number allowed.

Wimberley Community Center
(and City of Wimberley owned facilities)
Policies & Procedures
Relating to Placement of Temporary Signs

Types of Users:

1. Users that have approved Facility Rental Agreements

Users of the Facility may place appropriate temporary signage on the grounds, outside the Facility, at locations designated by the City of Wimberley. Designated areas include the landscaped islands in the parking lot and the landscaped area on the south side of the entrance drive. Signs may not be placed past the entrance to the adjacent property (the Thrift Shoppe). Such signage may be put up no earlier than 5:00 p.m. the night before the use and signs must be removed no later than 10:00 a.m. the day following the conclusion of the use. No temporary signage shall be permitted on the entrance island to the WCC or on the rock wall on the north side of the entrance (the Winters-Wimberley House side). Signs may be removed by the City at any time if it determines, in its sole discretion, that the sign is a traffic, safety, or other hazard to the public, or is in violation of this Policy.

2. Users for Election Purposes

In addition to the rules outlined in item 1 above, the City of Wimberley is authorized, by Sec. 61.003 and 85.036 of the Texas Election Code, to enact reasonable rules and regulations governing campaign practices at polling locations during voting periods. All political signs shall comply with all applicable state and federal requirements. All politically related activity, signs and literature must adhere to the areas outside of the 100-foot election zone. This means at least 100 feet away from an outside door through which a voter may enter the building in which the early voting and/or election day polling place is located. Additionally, all political signs must be placed in designated public areas (See attached map) in order to minimize interference with or disrupt the conduct of official business, or interfere with the free ingress and egress to the premises.

EARLY VOTING: Such signage may be put up no earlier than 5:00 p.m. the night before Early Voting begins and must be removed no later than 10:00 a.m. the day after Early Voting ends.

ELECTION DAY: Such signage may be put up no earlier than 5:00 p.m. the night before Election Day begins and must be removed no later than 10:00 a.m. the day after Election Day ends.

No political sign may be placed, held, erected or otherwise situated in any location that obstructs vision for traffic entering, exiting or driving in, on or around a city owned polling place location.

No political signs may be placed or erected utilizing posts that may damage subterranean water and electrical lines. For purposes of this policy, the term “posts” shall include, but not be limited to wooden stakes, rebar, PVC posts, metal posts and/or metal “T-Posts” typically used with farm and ranch type fencing. Heavy gauged wire that is generally used for political yard signs is allowed.

No political signs larger than 576 square inches or taller than forty-eight (48) inches from the ground may be placed, held, erected or otherwise situated on city owned property that is being used as a polling place.

No more than four (4) signs per candidate or Political Action Committee (“PAC”) may be placed or erected upon city owned property that is being used as a polling place. Political signs that are personally held by individuals at city owned polling location(s) during a voting period will not count towards the maximum number of allowed political signs that may be placed or erected under of this provision; provided, however, such political signs may not exceed the height and size maximums set out herein and they must not obstruct the view of traffic (*i.e.* a candidate or PAC may erect four (4) political signs and also may have individuals personally hold additional political signs at a city owned polling location during a voting period).

An individual may use a portable chair or small table while holding, carrying, or displaying material, but an individual may not place articles in or on city owned property that give the impression of a permanent or semi-permanent occupancy or residency (for example, a tent, bed, cot, filing cabinet, sofa, desk, heater, refrigerator, stove, or portable bathroom facilities). Any excess articles shall be removed.

Any political sign in violation of these regulations may be removed by City staff and placed in temporary storage. The owner of political signs that have been removed may contact the city during normal business hours to arrange a time to pick them up. If the owner of the political sign(s) fails to pick up any removed signs within thirty (30) days following the voting period, the City may dispose of the sign(s).
